SUPPLEMENTARY INFORMATION:

Type of Request: Three-year extension of the information collection requirements with no changes to the current reporting requirements

Title: Preservation of Records for Public Utilities and Licensees, Natural Gas Companies, and Oil Pipeline Companies

OMB Control No.: 1902-0098

Abstract: The Commission collects the information to carry out its responsibilities described in sections 301, 304 and 309 of the Federal Power Act (FPA),¹ sections 8, 10 and 16 of the Natural Gas Act (NGA),² and in the Interstate Commerce Act (ICA).³

¹ 16 USC 825, 825c and 825h

² 15 U.S.C. 717g, 717i, and 717o

³ 49 U.S.C. 60502

The regulations for preservation of records at 18 CFR Parts 125, 225, and 356 establish retention periods and other requirements for applicable records. These requirements apply to the public utilities, licensees, natural gas companies, and oil pipeline companies that are subject to the Commission's jurisdiction. Regulated entities use these records as the basis for required rate filings and reports to the Commission. The Commission's audit staff will use the records during compliance reviews, and the Commission's enforcement staff will use the information during investigations. In addition, the Commission's staff may use the records for special analyses on subjects such as jurisdictional entities' responses to extreme weather events.

On January 8, 1999 the Commission issued AI99-2-000, an Accounting Issuance providing guidance on records storage media.⁴ More specifically, the Commission gave each jurisdictional company the flexibility to select its own storage media. The storage media selected must have a life expectancy equal to the applicable record period unless the quality of the data transferred from one media to another with no loss of data would exceed the record period.

Types of Respondents: Electric utilities, licensees, natural gas companies, and oil pipeline companies

Estimate of Annual Burden: The Commission estimates the annual public reporting burden for the information collection as:

FERC-555: Preservation of Records for Public Utilities and Licensees, Natural Gas Companies, and Oil Pipeline Companies

⁴ The Accounting Issuance can be found in the FERC eLibrary by typing the docket number (i.e., AI99-2-000) in the eLibrary Search Form, within the field labeled "Enter Docket Number."

Number of Respondents (1)	Annual Number of Responses per Respondent (2)	Total Number of Responses (1)*(2)=(3)	Average Burden Hrs. & Cost Per Response ⁵ (4)	Total Annual Burden Hours & Total Annual Cost (3)*(4)=(5)
509	1	509	5,218 hrs.; \$453,966	2,655,962 hrs.; \$231,068,694

Comments are invited on: (1) whether the collection of information is necessary for the proper performance of the functions of the Commission, including whether the information will have practical utility; (2) the accuracy of the agency's estimate of the burden and cost of the collection of information, including the validity of the methodology and assumptions used; (3) ways to enhance the quality, utility and clarity of the information collection; and (4) ways to minimize the burden of the collection of information on those who are to respond, including the use of automated collection techniques or other forms of information technology.

Dated: July 18, 2022.

Debbie-Anne A. Reese,
Deputy Secretary.
